

Product Handling Instructions

KronoBROIL® Gyros Slices

Kronos' revolutionary manufacturing process flame cooks layer upon layer of savory gyros cones to perfection and carves the slices for you. KronoBROIL® Gyros Slices deliver the unrivaled taste, texture and appearance of a traditional gyros cone without the need for special equipment.

THAWING

Allow product to thaw completely overnight in refrigerator before use.

HEATING

Flat Top Grill (Preferred Method)

Pre-grease the grill and place desired portion of gyros slices on hot surface. Unfold pieces then pour water over the gyros meat (about 1/2 cup of water per pound or for a single 4 oz. serving use 1/8 Cup or 2 Tablespoons). Flip pieces so that they are evenly heated to 165°F. It will take approximately 1 1/2 minutes on a 350°F grill.

Microwave - Single Serve Portion

5 ounces - Spread gyros slices out on a microwave safe dish. Microwave for 1 minute on high (1200 watts) with a revolving plate.

2.5 ounces - Spread gyros slices out on a microwave safe dish. Microwave for 45 seconds on high (1200 watts) with a revolving plate.

**Portion size will vary depending on recipe.*

Microwave - Whole Bag

KronoBROIL® Gyros Slices & Halal Gyros Slices (5 lbs) - Cut a slit over the top of the bag. Microwave for 12 minutes on high (1200 watts), rotate and mix halfway through heating.

KronoBROIL® Plus Gyros Slices (2.5 lbs) - Cut a slit over the top of the bag. Microwave for 5 minutes on high (1200 watts), rotate and mix halfway through heating.

Caution! Bag will be hot.

HOLDING

Ideally KronoBROIL® Gyros Slices should be cooked to order. If this is operationally unfeasible please follow these instructions.

Place gyros slices in a perforated hotel pan. Set in a steam table, cover and bring to an internal temperature of 180°F. Hold for up to 1 hour.
